

Seminar Series

19th May 2014

“Genetic and epigenetic regulation underlies mammalian development and reproduction”

Speaker

Dr Ajeet Pratap Singh, Ph.D.

Chromatin and Gene Expression Group, Laboratory of Molecular Carcinogenesis
National Institute of Environmental Health Sciences/ National Institutes of Health
Research Triangle Park, NC 27709, USA

Education:

Research Fellow: National Institute of Environmental Health Sciences, NIH, USA Chromatin & Gene Expression Group, Laboratory of Molecular Carcinogenesis (2012 - present).

Postdoctoral Fellow: National Institute of Environmental Health Sciences, NIH, USA, Laboratory of Molecular Carcinogenesis and Laboratory of Reproductive & Developmental Toxicology (2007 - 2012)

Postdoctoral Fellow: Center for Cellular & Molecular Biology, Hyderabad, India, Developmental Biology Group (2005 - 2007)

Senior Research Fellow: Center for Cellular & Molecular Biology, Hyderabad, India, Developmental Biology Group (2003-2005)

Ph.D.: NBRI, Lucknow, VBS Purvanchal University, Jaunpur, India (2004)

M.Sc. (Ag.): Allahabad Agricultural Institute, University of Allahabad, Allahabad, India (1998)

Abstract:

His current research interests are genetic and epigenetic gene expression regulation in embryogenesis and reproduction as well as epigenetic regulation of genes in embryonic stem cell.

Venue: Auditorium, 5th Floor, NIAB, D. No. 1-121/1, 4th & 5th Floors, Axis Clinicals Building,
Opp. Talkie Town, Miyapur, Hyderabad

Time: 4 PM to 5 PM

All are cordially invited.

Director, NIAB
