

Seminar Series

10th May 2013

Speaker

GE Healthcare Pvt. Ltd.

Title: "Development of Diagnostic kit using Lateral flow assays"

GE Healthcare provides transformational medical technologies and services that are shaping a new age of patient care.

Their broad expertise in medical imaging and information technologies, medical diagnostics, patient monitoring systems, drug discovery, biopharmaceutical manufacturing technologies, performance improvement and performance solutions services help our customers to deliver better care to more people around the world at a lower cost. In addition, they partner with healthcare leaders, striving to leverage the global policy change necessary to implement a successful shift to sustainable healthcare systems.

"healthymagination" vision for the future invites the world to join them on their journey as they continuously develop innovations focused on reducing costs, increasing access and improving quality around the world.

Headquartered in the United Kingdom, GE Healthcare is a unit of General Electric Company (NYSE: GE). Worldwide, GE Healthcare employees are committed to serving healthcare professionals and their patients in more than 100 countries.
